

STUDENT ACTIVITIES FUNDS

Student activity funds may be raised and spent to promote the general welfare, education, and morale of TPCA students. The funds shall finance authorized activities of student organizations or the student body.

Student activity funds are considered a part of the total fiscal operations of the school and, therefore, are subject to the policies established by the TPCA Board. The funds shall be managed in accordance with sound business practices and subject to budgetary, accounting, and audit procedures.

Student activity funds are to be used to finance authorized school activities that may augment, but not replace the activities financed by the regular school budget.

Funds derived from the student body as a whole shall be expended as to benefit the entire student body and the student body shall be represented in the democratic management of the funds raised by the students and expended for their benefit.

Funds derived from authorized clubs, organizations, or segments of the student body shall be expended to benefit the segment of the student body and, insofar as possible, benefit those students, currently in school, who have contributed to the accumulation of these funds.

Fund raising activities shall be conducted in such a manner as to offer equal opportunity to the intended beneficiaries of the student body.

Fund raising activities may have use of school facilities and equipment and will pay for any direct cost of such use if applicable.
