CHARTER IS CURRICULUM

***ARE YOU INTERESTED IN WHAT
YOUR STUDENT IS LEARNING?***

A continuum of integrated content that is rigorous, engaging, language-rich, and timeless

- Core Knowledge® (K–8)

The level that 6th graders are working at is amazing. We have just finished up our algebraic unit, and the majority of students are showing a greater comprehension of math concepts. Dena, teacher

CHARTER IS CURRICULUM

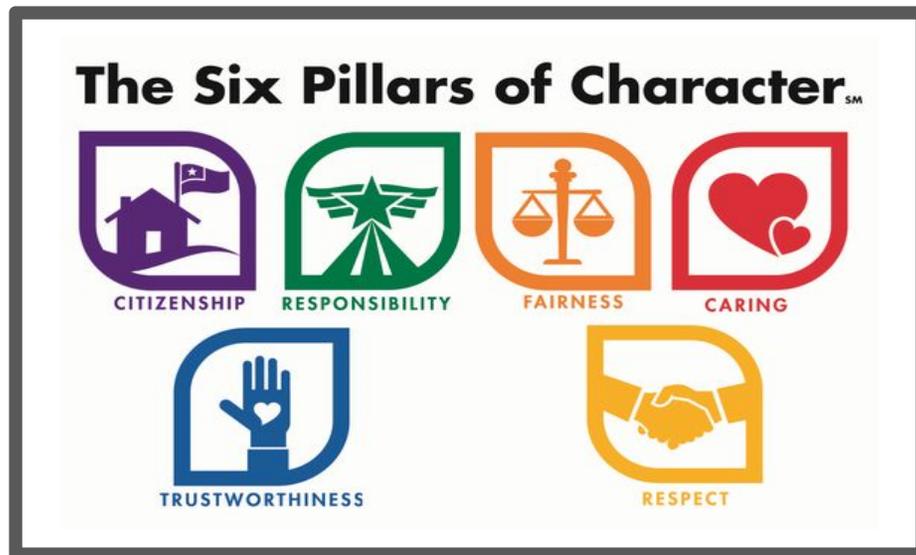

- Grades K–8 use the *Core Knowledge*® *Sequence* to build a solid educational foundation. The *Sequence* is a coherent, cumulative, and content-specific plan. High expectations for all children are achievable due to the cumulative, sequential way that knowledge and skills build.
- TPCA High School is a classical education high school that seeks to enhance academic achievement through the addition of college recognized coursework. Classical education is a language-rich and comprehensive curriculum. A goal of classical education is to foster logic, inquiry, and effective communication.
