

BOLDERBOULDER

Dear Parent,

We are delighted that your student is considering participating in The 2016 BB Racers Club. By providing this opportunity, the Bolder Boulder, together with participating schools, hopes to send the message that physical fitness can be fun and something in which all kids can participate, regardless of their age or physical limitations.

Your students' school has selected at least one motivated staff person to work with the Bolder Boulder staff in recruiting students, training students, registration process and race day activities. Students will train alongside their teachers/coaches for 8 weeks to prepare for their 6.2 mile walk, jog or race. Bolder Boulder has provided each school a Training Schedule for running and walking as well as a list of fitness games. In addition, schools will be provided with weekly training "tips". Check with your student or your school as to the name of their school coaches.

BB RACERS CLUB—DEADLINE IS APRIL 15, 2016 NO EXCEPTIONS! In order to assure accuracy in scoring the BB Racers Club students, teachers/staff and participating parents will register for the Bolder Boulder separately. They can register ONLINE by clicking on the BB Racers Club link on the www.bolderboulder.com website under Register. Registration forms will also be given to all coaches for those students who cannot register online. **We do ask that you register your student online to minimize errors and ensure the deadline is met.**

Race packets will be delivered to each student in advance of the race. Parents, siblings, and friends may register for the race through the online BB Racers entry process and **have their packets delivered to the school along with the BB Racer's**. You may run in the BB Racers Club waves along with your student. In addition to the race package contents, **students** registered by **MARCH 18th** will receive a BB Racers Club T-Shirt and a **race entry fee of only \$30!** After March 18th the price goes up to \$35. **Students MUST** register by the **APRIL 15TH deadline** to be in the BB Racer's Club with the **race entry fee of \$35**. The regular price packages apply to parents, friends, and school staff.

Important: Those students who miss the **registration deadline of APRIL 15th** may still register for the race online or at our 29th Street Mall store as regular race participant, but they will not be a part of the BB Racers Club or receive any of the extras associated with the Racers Club.

Awards: Participating schools are divided into three divisions based on the size of the school. Awards will be given for participation and for the fastest students. The top 3 fastest girls and fastest boys for EACH school (not each grade) will be scored. The girls and boys would receive a certificate from us indicating they were the fastest in their school. First place awards (framed poster) would be given to the highest participation for elementary and middle schools in each division. Divisions are determined and tracked by number of overall people participating for the school.

BB RACERS CLUB WAVES: We will have several BB Racers Club Waves this year including those for running/jogging and walking. These waves are for the students, you their parents, friends and siblings. Students and teachers/staff taking part in the BB Racers Club do not have to run the Bolder Boulder in these waves. If the participant decides they would rather run in a non BB Racers Club wave (qualifying wave) they will still be counted in the Racers Club with their school as if they register through the BB Racers Club registration.

Again, we are delighted to offer this opportunity to your students to participate in the 35th running of the Bolder Boulder as part of the BB Racers Club. Hopefully you will join us also. If we can be of further assistance, please email maddy@bolderboulder.com.

Sincerely,
Maddy Peavy
