

- If your account has Overdraft Protection and/or Debit Card Overdraft Service, these services will be removed when you request to close your account.

- If your account balance does not reach zero within 30 days from the date of your request to close your account, we will charge you the applicable monthly service fee if you do not meet the requirements to avoid the monthly service fee. If the monthly service fee is greater than your account balance, only the amount equal to your account balance will be charged and your account will be closed.

- After 30 days, if your account balance does not reach zero, your account will be returned to active status and subject to all applicable fees. If your account is a variable interest earning account, the interest rates disclosed in the rate sheet in effect on the date your account is returned to active status will apply. We may change the interest rate for variable rate accounts at any time. You will need to reestablish Overdraft Protection and/or Debit Card Overdraft Service if desired by contacting your banker or calling the number on your statement.
